## LATE FOREIGN NEWS.

THE SILVER CONFERENCE.  
The Chicago Herald of Dec. 5 has the following: Senator Stewart of Nevada passed through Chicago yesterday on his way to Washington, and spent a few hours at the Grand Pacific. "We are going to have free silver in this country some day," said the Senator, "but when, of course, I will not attempt to say. One thing is certain, neither the Democratic nor Republican party can give it to us, but the people will. The result of the recent election shows that the people are dissatisfied with the present condition of affairs, and as long as the present condition prevails there will be a change each year until the people take a hand and oust both the old parties and get into power themselves."

"What the people want is more money. They care little about changed tariff lists, civil service reform, prohibition or woman's suffrage. The vital issue is the money question. Until the free coinage of silver is brought about the condition of the common people will not materially change."

"I have not hoped for any good from the conference at Brussels. It was organized for evil, but sometimes good results from even such organization. The gold bugs are in power, and the silver men can hardly hope for favors from their hands. I can't tell how many friends silver will have in the next Congress. I think there will be an increase in the Senate, at any rate."

## Notice to the Public.

The Honest People of Honolulu:—  
The Shirt Question is still in the minds of the public and I wish to make a standing statement in regard to the Luning-Johnson matter. On or about the 2d day of December a lot of old shirts was left in my office with instructions to repair them by one signed Luning. I did repair the shirts, and a few days later this man Luning, accompanied by his wife, called and brought another shirt to be repaired, and also asking to see the first lot of shirts. I showed them and they were both well pleased and said the job was well done, and told me that the Chinaman would call on Monday and take them to be re-laundried. This was on Saturday previous to Monday mentioned, and when I finished the last shirt I brought the bill to Luning at his office. He got excited but I did not scare, and I simply told him I would like to collect money for my work. He used some very hot words and said I had a check to ask for my money then, and he said he would ruin me, but still I did not scare. I told Luning in presence of a witness that he was welcome to call at my place of business, where I have a room enclosed, and he could try on the shirts there, but he would not do it. No doubt Mr. Luning thought he had dead easy game, but he was like the man that fell out of the balloon—he was simply not in it. I will say this, that in any case I make new shirts and if they do not give entire satisfaction I will alter them, make new shirts, or refund the money. Can any person do more? I will also keep in repair all shirts made by me for two years free of charge, for I am as quiet as a lamb.

A. L. JOHNSON,  
The Shirt Maker,  
Gerard Wie in Deutschland.
